SUMMARY

Motivated and detail-oriented Bachelor of Science in Information Technology graduate from Mandaue City College, with hands-on experience in web design and development. Passionate about building responsive, user-friendly websites and eager to grow in a long-term career in web development. Dedicated to continuous learning and contributing to meaningful, real-world digital solutions.

WORK EXPERIENCE

Web Developer Intern, MIS Office 01/2025 – 04/2025
Mandaue City

During our project and training experience, I worked primarily with **C#** for backend development and **HTML, CSS, and JavaScript** for the frontend.

Key responsibilities included:

- Collaborating closely with a **Senior Developer**, a **co-intern**, and ensuring consistent implementation and knowledge sharing.
- Developing and testing APIs using **Postman** and **Swagger UI** for seamless integration.
- Encoding and preparing structured data for system processes.
- Verifying UI implementations based on **Figma** design specifications.
- Using **Azure DevOps** for version control, task tracking, and collaboration.
- Writing clean, maintainable code while following established coding standards.
- Working within a **Waterfall methodology**, enhanced by sprint-based task execution for structured and efficient development.
- Participating in sprint check-ins, task planning, and regular team meetings.
- Proactively upskilling during downtime by exploring new tools, frameworks, and methodologies relevant to the project.

EDUCATION

Bachelor of Science in Information Technology, Mandaue City College 2021 – 2025
Mandaue City

- Graduated on June 07, 2025 as **CUM LAUDE**.
- We do web development activities and projects at our school using **HTML, CSS, JavaScript, PHP, C#, and Java**.
- Capstone Project: “**Student Billing Management System**”
- Role: **Project Manager** and **Programmer**
